# ABOUT US

## COUCH HISTORY

Lots of family memories have been made cooking in the kitchen with our great-grandma, aunts, dad and grandmother. These family owned recipes were too good to keep to ourselves, so we wanted to share them with others!

## OPPORTUNITY

The world is filled with cookie cutter franchise restaurants, but we feel it lacks the unique, family owned, homemade recipes that Couch Family Fixins can offer.

## OUR MISSION

Our mission is to provide the Greater Cincinnati area with a family style food business with those traditional, home cooked, family style flavors.
